## **X-MediaPlayerClassic - HomeCinema Crack**

**Download**

### **X-MediaPlayerClassic - HomeCinema Crack + Free PC/Windows**

Play media in full-screen mode, lock subtitles and render them in an edge-lit style, a wide array of settings options for rendering and advanced video playback modes. The Home Cinema version of Media Player Classic is especially designed for watching movies. Providing most of the necessary codecs for playing media content, this application is compatible with all popular file formats, including FLV, FLAC or RealVideo, as well as DVD files. Just as you would expect from a video player, X-MediaPlayerClassic – HomeCinema features an intuitive GUI comprising all the playback options, along with other tools for enhancing the video quality. You have full playback control, which means that you can navigate back and forth through the video, activate the full screen mode or use the real-time zoom feature to take a closer look at the action. Filters can be applied during video playback and playlists can be created. The enhanced video renderer is designed to ensure the best quality by allowing the user to choose the optimized presentation mode, manage colors and lighting mode (HDTV is supported) and perform GPU decoding. As for subtitles, you can load a new one with just a few clicks or search Media Player's online subtitle database for the document you need. Additional tools enable you to create thumbnails, take video snapshots and save them locally, create a Favorite folder and much more. X-MediaPlayerClassic – HomeCinema is fully portable, so you can launch it from a removable drive, without leaving traces in the system registry. Its feature set and the customization possibilities make it worth a try. Requirements: Language: Multilingual Operating Systems: Windows NT/2000/XP/2003/Vista/7/8/10 Updated: 06.10.2016 More free games: Similar software spotlights: X-MediaPlayerClassic – HomeCinema PlatinumX-MediaPlayerClassic – HomeCinema Platinum 4.1.1 XMediaPlayerClassic – HomeCinema is a multimedia player designed for viewing video and listening to music.
