AutoCAD Activator

You will need to go to options in the program. You will need to change the user name and password You will then need to click on the Logging on to autocad button. Then you will need to click OK and change the value in the text box to Windows Then click OK again. Then click the yes button. (It is in the help section where you will find it) Q: Change the image on button click I'm working on a small android app where I want to change the image of a button when clicked. My app is divided in two parts. Part A and Part B. Part A has a layout with two buttons, Part B the other layout. On Part A I set an OnClickListener on the first button and onPartB on the second button. Then I set up an OnClickListener on each button. In the onClick method I set the button's image. In the onClick method of the Part B layout I do the following. @Override public void onClick(View v) { switch(v.getId()) { case R.id.partBButton: partBButtonClicked = true; break; case R.id.partAButton: partAButtonClicked = true; break; } } I then try to change the image of a button in the layout of Part B. @Override public void onClick(View v) { switch(v.getId()) { case R.id.partBButton: if(partBButtonClicked == true) { Log.d(TAG, "partBButtonClicked is true"); btnPartB.setImageResource(R.drawable.o); } break; case R.id.partAButton: if(partAButtonClicked == true) {
