Valkyrius Prime is a fast-paced arcade shoot 'em up. It is also a celebration of the classic games of the 8-bit era. You play through the story in single player mode, or in 8-player free-for-all in local network or online mode. The story of Valkyrius Prime is about a group of intergalactic scavengers who get in over their heads and get caught up in a feud between 2 rival factions. As a result, they suddenly find themselves in the middle of an interstellar civil war. Their only way out is to steal the valuable cargo of a mysterious salvage ship. Valkyrius Prime features: - 5 difficulty settings to suit your mood and skill - 60 game levels and 4 additional challenge stages - Multiple game modes, including the retro "Shmup!" racing mode - 3 player co-op (at least one gamepad required for second player) - 8-player co-op (at least one gamepad required for second player) - Online high score tables - 32 original music tracks - 5 unlockable characters - 4 unlockable weapons - 4 unlockable shields - 8 unlockable upgrades - 5 save states - Full gamepad support! Key Game Features: - Arcade-style "Shmup!" with a focus on precision and twitch-reflex - Over 60 game levels and 4 additional challenge stages - 8 player high-score head-to-head mode and 2 player co-op mode - Online head-to-head mode - Online leaderboards - Earn extra lives and weapons in game - Trophy-based achievements - Automatic save import for easy management of game settings - Customizable controls and keyboard support - Play the game in your browser for immediate action - 5 difficulties: Easy, Normal, Normal+, Hard, Expert - 5 difficulty settings for each gameplay mode - 4 player co-op with one gamepad - Online high-score tables - Retro, modern "shmup" style, with interactive control scheme - 4-player split screen - Full gamepad support - 8 player high-score mode - 20 original music tracks - 40 original sound effects - 32 original music tracks - 6-color custom resolution support - Level design and level layout was optimized for speed - New and improved graphics, art, and sound effects - Automatic and easy system update - Support for Windows 10 users with

Stomp on the cheela!

Monsters: Survival is a unique game mode where you and 3 other hunters must compete to avoid the unwanted attention of the Hooded Cheela. As long as the Cheela remains unharmed, the game will continue. Lives are taken randomly, so make sure you are always prepared to use the last of your lives.

Hackers want the cheela for its magic abilities, or to extract their eggs (which are used to make potions)!

Featuring several unique modes such as snow, summer, dream and day/night cycles, you must contend with your fellow hunters and the cheela to survive!

Fast-paced fighting between life and death in a last-man-standing format... how long can you keep yourself alive and standing?

Download and play Monsters: Survival today, and begin your journey to the cheela's lair! We're sure you'll find yourself quickly raising your sensitivity level to become an unstoppable monster hunter!

What's in the Box:

- Hooded Cheela
- NPCs
- Survival Mode License
- Rule System License
- Steam Key

How to Play:

- You get two controllers, which you will use (often) simultaneously to provide different aspects of your character.
- From your controller, you can use the special moves and abilities your own character has - these can be useful in conjunction with the AI characters.
- You can also control the AI characters remotely if you wish.
- Controllers are global, so you can choose which characters you use at any time.
- AI is always looking for an opening, so make sure you are always on the lookout

Dragon's Lair 2: Time Warp is a continuation of the hit arcade game Dragon's Lair, (first released in 1981 by Lucasfilm and Walt Disney Productions), inspired by the same 1986 Direct-to-video film, Dragon's Lair. A fully 100% arcade authentic Dragon's Lair sequel, Time Warp offers a unique storytelling experience where you control the fabled hero Dirk the Daring in a classic point and click adventure. Play as Dirk and venture into the bizarre world of the dragon Smoosh. Battle creatures, explore mysterious realms and face perils of every kind on a quest to save Princess Daphne. Did you know... there was a Dragon's Lair movie? If you are an adventure game fan, then you'll certainly know that Dragon's Lair (first released in 1986 by Lucasfilm/Walt Disney) inspired the hit game, Maniac Mansion (also released in 1986). Then came the 1989 sequel Dragon's Lair II: Time Warp (released by Disney Interactive). Dragon's Lair II was followed by the Dragon's Lair 3 game series. Dragon's Lair 2: Time Warp is Lucasfilm's first 100% arcade authentic game in over 20 years. It was developed with custom art and music, and the dialogue was meticulously recreated from the original Disney LaserDisc Dragon's Lair film. For the true Dragon's Lair fan (and who can forget about Maniac Mansion?), this is your opportunity to experience the game the way it was meant to be experienced. This game requires: Windows 98/Me/2000 1.4 GHz Processor (2.0 GHz recommended) 1 GB RAM 20 GB available space for installation Game Disk Space: 23 GB (21 GB for Director's Cut) System Requirements: Windows 98/Me/2000 1.4 GHz Processor (2.0 GHz recommended) 1 GB RAM 20 GB available space for installation Game Disk Space: 23 GB (21 GB for Director's Cut) Age rating: Everyone Click here to see the full product description: [url= [url= c9d1549cdd
