“In this new fantasy RPG from the development studio that brought us “Zillion”, players can create their own character at the beginning of the game, and play a mixture of turn-based and real-time systems.”

4Players.com “Not only is it difficult and fun to play, but it creates a neat world of myth.” Gamezebo.com “The

Elden Ring is a deep and compelling RPG that offers

players a fresh experience.” OtakuMama.com “The game

has fantastic sense of fantasy; the art and music are

certainly a cut above other RPGs.” Joystiq.com “Even

though the price tag is a little high for an early access

title, there’s plenty to keep you entertained for many

hours.” Gameplanet.com “A superbly crafted RPG”

TouchArcade.com “The Elden Ring defies categorization.

It falls somewhere between action RPG and turn-based

RPG. Fans of Diablo and Xcom should not be

disappointed.” 4Player.com “The Elden Ring is, in short,

a fun, quality RPG that is just plain good. I've spent a few nights happily traversing the Lands Between, and I can't wait to see what the team delivers next." MrCigars.com "Unlike my two previous appearances in the Elden Ring, in which I played as a human man whose job was to find out what was going on in the lands that were too dangerous to venture into on my own, this time I played as the daughter of a single mother who decided to enter the waters to find my mother." TheGamingGrand.com "As soon as you enter the game, you want to start collecting all of the items you can find. You will quickly notice that the item drops are quite plentiful and that each one has its own use. The items you collect don't feel like they are there just to be collected, however, and make sense and come with a story attached. Once you start gathering all the items, you will want to have them in your inventory for when you need them." RPGamer.com "I can't believe I am saying this, but the Eld bff6bb2d33

The latest scientific and philosophical compilation, Database of the National World-Class Academic Publications, has already been placed in the All-Union Documentation Service, which is a part of the Library of the State Archive of the Russian Federation. The database is currently available at Resurs State Academic Library. As the expert of the International Association of Scientific Promotion (ASPR), during the last few years I have extensively been involved in international cooperation. I want to mention a few international projects that my Uzbek colleague, Victor Sergeevich Kravets, is currently working on. To explain why we are interested in the subject of civil society, a kind of input center, I will mention a few examples of its application based on a real experience. We are dealing with the co-existence of modern communication which causes quick interaction, makes it easy to communicate, and gives its subscriber freedom for the choice of the way to connect, and the reasons why the modern communication is the basis of the new policy of the Bulgarian government. It gives also the opportunity for people to be aware of the true consequences of their attitude in the current social environment with global relations. Cybersecurity is a
