“The development and implementation of this technology was a very interesting and demanding task in itself,” said Matt Prior, Producer at EA SPORTS. “This introduction of ‘HyperMotion Technology’ is just the first of many benefits to developers and players alike as we continue to evolve the FIFA experience into the future.” New broadcast tool allows both the studio and broadcast teams to interact with the player seamlessly on-screen. Teams can also assess strategies, tactics and formations through the Game-Manager button, which brings up a comprehensive panel that details all applicable team and player stats in relation to the selected scenario. The game features a multi-camera view, which takes a moment to engage with, but allows spectators and analysts to understand exactly what is going on on the pitch through a unified view and understanding. FIFA 22 introduces new football language tools to make it easier for journalists and broadcasters to communicate with each other and share information during live events. “We’ve worked hard to make sure the language used during live matches is authentic and realistic,” said Ralf Rang, Executive Producer. “We’ve also made it easier for reporters to communicate with the broadcasters in real time.” FIFA Ultimate Team has undergone a major overhaul, with many of the unique items, such as the Historian and Creator items, added. ### Fifa 22 Features Key:

- FIFA 22 elevates Total Team Control with all-new Touch Passing Controls. New animated controls convey timing and movement, and during gameplay pass the ball to teammates in the right positions with minimal passing. With Defender Coach, new controls allow you to adjust player attributes, make defensive tweaks and more on the fly.
- FIFA 2k returns with its hallmark dribbling system, Replay Rewind, Ultimate Team with its card and jersey packs – the game’s top-selling format – and more FIFA 2k highlights on the new Home and Away celebration system, pro-designed stadiums, and more.
- FIFA 22 introduces “HyperMotion Technology,” which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay.
- Career Mode – Live out your dreams as both a manager and a player in FIFA 22. Create the newest club in FIFA, design your kits, style your stadium, and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory. Or test your skills as a player, with a more immersive Player Career mode that gives you more ways to progress, achieve, and immerse yourself in your Pro’s journey through the game.
- Team of the Year – Choose from the top stars from the last two World cups, or customize and build your dream team. The Team of the Year brings together the essence of the world’s top football stars to represent the opportunity for you to go to a World Cup.
- FIFA Ultimate Team returns.
- FIFA 2k returns.
- New innovations, such as Driven Touch Control and Defender Coach, have been added.
- Celebrities, new stadiums, and more.
