Corel WordPerfect Office review - Product Information Corel WordPerfect Office is a complete office suite designed for both home and business use which integrates a rich set of document management features and collaborative tools. It is Microsoft Office compatible and includes advanced PDF capabilities, featuring extensive support for scanned documents. WordPerfect Office is not the perfect word processing solution; it's simply a very good word processing package. You can create and edit WordPerfect Office files as you would documents in MS Word. Corel WordPerfect Office is useful for anyone who needs to produce professional WordPerfect Office documents and presentations. It is a complete package with features that make it easy to create and manage office documents, as well as using them on a network. WordPerfect Office is easy to use, and includes more than 50 templates for documents, slides, letterheads and flyers, for printing and faxing. Create a free Corel WordPerfect Office account to access all those features! WordPerfect Office can open, edit, convert, save, print and fax PDF documents as you would a WordPerfect Office document. You can use WordPerfect Office to send print, e-mail and fax documents. You can read files created by other programs or a browser. Save, print, fax or e-mail WordPerfect Office files to PDF documents. I am not using Wordperfect Office for anything now, only for the PDF creation. I am getting used to the UI, but it is still a bit alien, for a Windows user at least. An obvious limitation is, that the new version will not be supported by the MS support team. My major problem for the moment is b7e8fdf5c8
