
Jardinains 2! Full Version ((FREE))

jardinains is the newest edition to the magical chopstick games series. when you hit a brick, it breaks and the tile falls to the ground. if it falls on a gnome, you get some powerups. that's it. this is a classic game of sorts. you can get up to three powerups, and if you get all three, you'll be able to break all the tiles on the screen. the free version includes 100 levels, 4 different gnomes, and a bevy of powerups. upgrade to the full version for \$19.99 and get three times the levels, twice as many different gnomes, more bricks, and more powerups!

windows: jardinains is a simple ball-breaking game. hit the bricks to break them, and knock down the gnomes to clear them out of your garden. this is a classic game of sorts. you can get up to three powerups, and if you get all three, you'll be able to break all the tiles on the screen. the mac version of jardinains! has a small but useful difference: you can use the mouse to select the tiles. that's it, no more fiddling with the keyboard. there's also a new, jazzier soundtrack, one of the best ball-breaking games available for the mac, and a bevy of powerups.

jardinains 2! - yet another brick breaker game. the fun is back. break all of the big and small bricks until the nains are all gone. but the nains are hiding and they are really good at doing so. now it's your turn to use the ball and paddle to go through the levels and get rid of all the nains. use the balls to bounce over the nains and get rid of them. the nains will fire rocks that you have to bounce off, or they will hit you. the nains will also be a problem if you don't get rid of them fast enough. use the nains and their own bricks to attack them. you can also use the nains and bricks to break the bricks they are standing on. you can also use the powerups to get rid of the bricks faster. the levels are not endless and you have to use the nains and bricks in order to get through them. use the nains and bricks wisely because they can be your best friend or your worst enemy. don't let the nains sneak up on you. collect all of the powerups and get the highest score you can.
